MOTIF

RAMADEVARA BETTA

Ramadevara Betta (Hill) is a Hindu shrine is more than 3000 feet height, situated at about 3 km. from Ramagaram (Ram Nagar) Town. Lord Ram is said to have visited here during his 14 years exile. There is a Ram temple at the top of the hill. At the entrance there is a big colorful gate followed by stone carved steps leading to the top of the hill amidst greenery. There are around 300 steps. After climbing around 250 steps you will come across an Anjaneya (Hanuman) temple. Here, it is like a little valley with trees and shades made by the rock nearby. From here one can get an awesome view of the surroundings. One can see small hills around and rugged terrains. From here one can see Saptarishi Betta which resembles seven idols from different angles.

FOREWORD

The District Census Handbook (DCHB) is an important publication of the Census Organization since 1951. It contains both Census and non Census data of urban and rural areas for each District. The Census data provide information on demographic and socio-economic characteristics of population at the lowest administrative unit i.e. of each Village and Town and ward of the District. The Primary Census Abstract (PCA) part of this publication contains Census data including data on household amenities collected during 1st.phase of the Census i.e. House Listing and Housing Census. The non Census data presented in the DCHB is in the form of Village Directory and Town Directory contain information on various infrastructure facilities available in the village and town viz; education, medical, drinking water, communication and transport, post and telegraph, electricity, banking, and other miscellaneous facilities. Later on, the Telegraph Services were closed by the Government of India on 15th. July, 2013. The data of DCHB are of considerable importance in the context of planning and development at the grass-root level.

2. In the 1961 Census, DCHB provided a descriptive account of the District, administrative statistics, Census tables and Village and Town Directory including Primary Census Abstract. This pattern was changed in 1971 Census and the DCHB was published in three parts: Part-A related to Village and Town Directory, Part-B to Village and Town PCA and Part-C comprised analytical report, administrative statistics, District Census tables and certain analytical tables based on PCA and amenity data in respect of Villages. The 1981 Census DCHB was published in two parts: Part-A contained Village and Town Directory and Part-B the PCA of Village and Town including the SCs and STs PCA up to Tahsil/Town levels. New features along with restructuring of the formats of Village and Town Directory were added. In Village Directory, all amenities except electricity were brought together and if any amenity was not available in the referent Village, the distance in broad ranges from the nearest place having such an amenity, was given.

3. The pattern of 1981 Census was followed by and large for the DCHB of 1991 Census except the format of PCA. It was restructured. Nine-fold industrial classification of main workers was given against the four-fold industrial classification presented in the 1981 Census. In addition, sex wise population in 0-6 age group was included in the PCA for the first time with a view to enable the data users to compile more realistic literacy rate as all children below 7 years of age had been treated as illiterate at the time of 1991 Census. One of the important innovations in the 1991 Census was the Community Development Block (CD Block) level presentation of Village Directory and PCA data instead of the traditional Tahsil/Taluk/PS level presentation.

4. As regards DCHB of 2001 Census, the scope of Village Directory was improved by including some other amenities like banking, recreational and cultural facilities, newspapers & magazines and `most important commodity' manufactured in a Village in addition to prescribed facilities of earlier Censuses. In Town Directory, the statement on Slums was modified and its coverage was enlarged by including details on all slums instead of 'notified slums'.

5. The scope and coverage of Village Directory of 2011 DCHB has been widened by including a number of new amenities in addition to those of 2001. These newly

added amenities are: Pre-Primary School, Engineering College, Medical College, Management Institute, Polytechnic, Non-formal Training Centre, Special School for Disabled, Community Health Centre, Veterinary Hospital, Mobile Health Clinic, Medical Practitioner with MBBS Degree, Medical Practitioner with no degree, Traditional Practitioner and faith Healer, Medicine Shop, Community Toilet, Rural Sanitary Mart or Sanitary Hardware Outlet in the Village, Community Bio- gas, Sub Post Office, Village Pin Code, Public Call Office, Mobile Phone Coverage, Internet Cafes/ Common Service Centre, Private Courier Facility, Auto/Modified Autos, Taxis and Vans, Tractors, Cycle-pulled Rickshaws, Carts driven by Animals, Village connected to National Highway, State Highway, Major District Road, and Other District Road, Availability of Water Bounded Macadam Roads in Village, ATM, Self-Help Group, Public Distribution System(PDS) Shop, Mandis/Regular Market, Weekly Haat, Agricultural Marketing Society, Nutritional Centers (ICDS), Anganwadi Centre, ASHA (Accredited Social Health Activist), Sports Field, Public Library, Public Reading Room, Assembly Polling station, Birth & Death Registration Office. In the Town Directory, seven Statements containing the details and the data of each Town have been presented viz.; (i)-Status and Growth History of Towns,(ii)- Physical Aspects and Location of Towns, (iii)-Civic and other Amenities, (iv)-Medical Facilities, (v)-Educational, Recreational & Cultural Facilities, (vi)-Industry & Banking, and (vii)- Civic & other amenities in Slums respectively. CD Block wise data of Village Directory and Village PCA have been presented in DCHB of 2011 Census as presented in earlier Census.

6. The data of DCHB 2011 Census have been presented in two parts, Part-A contains Village and Town Directory and Part-B contains Village and Town wise Primary Census Abstract. Both the Parts have been published in separate volumes in 2011 Census.

7. The Village and Town level amenities data have been collected, compiled and computerized under the supervision of Sri T. K. Anil Kumar, Director of Census Operations, Karnataka. The task of Planning, Designing and Co-ordination of this publication was carried out by Dr. Pratibha Kumari, Assistant Registrar General (SS) under the guidance & supervision of Dr. R.C.Sethi, Ex-Addl. RGI and Shri Deepak Rastogi present Addl.RGI. Shri A.P. Singh, Deputy Registrar General, (Map) provided the technical guidance in the preparation of maps. Shri A.K. Arora, Joint Director of Data Processing Division under the overall supervision of Shri M.S.Thapa, Addl. Director (EDP) provided full cooperation in preparation of record structure for digitization and validity checking of Village and Town Directory data and the programme for the generation of Village Directory and Town Directory including various analytical inset tables as well as Primary Census Abstract (PCA). The work of preparation of DCHB, 2011 Census has been monitored in the Social Studies Division**.** I am thankful to all of them and others who have contributed to bring out this publication in time.

(C.Chandramouli)
Registrar General &
Census Commissioner, India

New Delhi.
Dated:- 16-06-2014

PREFACE

Dr. C. Chandramouli, I.A.S. the Registrar General & Census Commissioner, India has traced the history of the district Census Handbooks in the foreword to the 2011 series of the District Census Handbooks (DCHBs). He has also succinctly explained the scope and coverage of the District Census Handbooks. These volumes contain salient data on the population for every village and town as revealed by 2011 Census. It also contains a wealth of information regarding villages and towns which throw some light on the circumstances in which people live and is therefore relevant to the data on the population. This information is also of considerable importance in the context of planned development.

The District Census Handbook is divided into two parts: Part A - contains information regarding each village and town (Village Directory and Town Directory – non census data collected from various sources) and Part B – containing the population data collected during 2011 Census - the Primary Census Abstract (PCA). The data published in Part B was collected during February-March 2011 in the Population Enumeration.

The process of data collection for the Village Directory and Town Directory (Part A) commenced in 2009 and the reference date is 31.12.2009. The Village Directory formats were mailed to the Deputy Commissioners of Districts for obtaining the village wise particulars through Village Accountants. Similarly the Town Directory formats were mailed to the Commissioners of Corporations, Chief Officers of Town Municipal Councils, Town Panchayats, etc. The village wise and town wise data furnished by these officers were then examined exhaustively for consistency in reporting and comparability with the information published in the District Census Handbooks 2001. The Household Schedules, which were canvassed to collect the population data during 2011 Census, were scanned and data captured was processed electronically through ICR (Intelligent Character Recognition) Technology. The Primary Census Abstract (PCA) was generated centrally on the computers by the Office of the Registrar General, India.

In compilation of the District Census Handbooks, the Census Directorate had the co-operation of various departments of the State/Central Government. The Census Directorate gratefully acknowledges their co-operation.

I take this opportunity to offer my thanks to Dr. C. Chandramouli, I.A.S. the Registrar General & Census Commissioner, India for his valuable guidance and support. I appreciate the supervision and support given by Sri N. Manjini, Joint Director and also thankful to all the officers and officials of this Directorate who have been relentlessly involved in the compilation of this volume.

I am highly grateful to Dr. Pratibha Kumari, Assistant Registrar General (SS), Dr. R.C.Sethi, Ex-Addl. RGI, Shri Deepak Rastogi Addl. RGI. for their guidance and Shri A.P. Singh, Deputy Registrar General (Map), who provided the technical guidance in the preparation of maps. My thanks are also due to Shri A.K. Arora, Joint Director of Data Processing Division for generating the final formats of this publication under the overall supervision of Shri M.S.Thapa, Addl. Director (EDP), ORGI.

HISTORY AND SCOPE OF THE DISTRICT CENSUS HANDBOOK

The need of data at the grass root level for the administrative and planning purposes at sub micro level as well as academic studies prompted the innovation of District Census Handbook. District Census Handbook is a unique publication from the Census organization which provides most authentic details of census and non-census information from village and town level to district level. The District Census Handbook was firstly introduced during the 1951 Census. It contains both census and non census data of urban as well as rural areas for each district. The census data contain several demographic and socio-economic characteristics of the lowest administrative unit i.e. of each village and town and ward of the district. The non census data comprise of data on availability of various civic amenities and infrastructural facilities etc. at the town and village level which constitute Village Directory and Town Directory part of the DCHB. The data of DCHB are of considerable importance in the context of planning and development at grass-root level.

In 1961 census DCHB provided a descriptive account of the district, administrative statistics, census tables and village and town directory including Primary Census Abstract. This pattern was changed in 1971 Census and the DCHB was published in three parts: Part-A related to village and town directory, Part-B to village and town PCA and Part-C comprised analytical report, administrative statistics, district census tables and certain analytical tables based on PCA and amenity data in respect of villages. The 1981 census DCHB was published in two parts: Part-A contained village and town directory and Part-B the PCA of village and town including the SCs and STs PCA up to tahsil/town levels. New features along with restructuring of the formats of village and town directory were added into it. In Village Directory, all amenities except electricity were brought together and if any amenity was not available in the referent village, the distance in broad ranges from the nearest place having such an amenity, was given.

The pattern of 1981 census was followed by and large for the DCHB of 1991 Census except the format of PCA. It was restructured. Nine-fold industrial classification of main workers was given against the four-fold industrial classification presented in the 1981 census. In addition, sex wise population in 0-6 age group was included in the PCA for the first time with a view to enable the data users to compile more realistic literacy rate as all children below 7 years of age had been treated as illiterate at the time of 1991 census. One of the important innovations in the 1991 census was the Community Development Block (CD Block) level presentation of village directory and PCA data instead of the traditional tahsil/taluk/PS level presentation.

As regards DCHB of 2001 Census, the scope of Village Directory was improved by including some other amenities like banking, recreational and cultural facilities, newspapers & magazines and `most important commodity'

manufactured in a village in addition to prescribed facilities of earlier censuses. In Town Directory, the statement on Slums was modified and its coverage was enlarged by including details on all slums instead of 'notified slums'.

The scope and coverage of Village Directory of 2011 DCHB has been widened by including a number of new amenities in addition to those of 2001. In the Town Directory, seven Statements containing the details and the data of each town have been presented viz.; (i) Status and Growth History of towns, (ii) Physical Aspects and Location of Towns, (iii) Civic and other Amenities, (iv) Medical Facilities, (v) Educational, Recreational & Cultural Facilities, (vi) Industry & Banking, and (vii) Civic & other amenities in Slums respectively. CD Block wise data of Village Directory and Village PCA have been presented in DCHB of 2011 census as presented in earlier census. The data of DCHB 2011 Census have been presented in two parts, Part-A contains Village and Town Directory and Part-B contains Village and Town wise Primary Census Abstract. Both the Parts have been published in separate volumes in 2011 Census.

BRIEF HISTORY OF THE DISTRICT

Ramanagara district was carved out of the erstwhile Bangalore Rural District on 23 August 2007, comprising four taluks-Channapattana, Kanakapura, Ramanagara and Magadi of the undivided district. Ramanagara city is the administrative headquarters of this district. It was known as Closepet, after Sir Barry Close (1756–1813) an army general in the East India Company and a political officer and the first resident in the court of Mysore. It was renamed as Ramanagara during the period of Kengal Hanumanthaiah, the then Chief Minister of Karnataka. District Court, Ramanagara was established on 1.10.2007.

The Bangalore Rural district, of which Ramanagara was a part of, came into existence on 15 August, 1986 with the division of the erstwhile Bangalore district into Bangalore Rural and Bangalore (Urban) districts. Therefore, the Bangalore Rural district from which the Ramanagara district has been carved out, has no history of its own, however, for the purpose of this volume, history of the erstwhile Bangalore district, from which, the erstwhile Bangalore Rural district was carved out, is presented here.

Kempe Gowda

The name Banglore is the Anglicized form of Bengaluru, which according to popular belief, is derived from Bangalu itself a corrupt form of the word *Benda Kalu* (cooked beans) and *uru,* meaning a town. Tradition associates the Hoysala king Vira Ballala (1172-1219 A.D.) with the origin of this name and recounts how he got separated from his attendants during one off his hunting expeditions in this region, lost his way and after hours of wandering, reached the hut of an old woman at night and sought for the much needed food and shelter. This humble woman, it is said, offered cooked beans, which the king gladly ate, and made up a bed for him also. This episode, in a way, brought glory to the place and; the settlement began to develop further in view of the royal patronage.

However, the founding of modern Bangalore is attributed to Kempe Gowda, a scion of the Yelahanka line of chiefs, who finally established himself at Magadi. He founded the town of Bangalore in 1537 A.D., and he got erected four watchtowers at the four cardinal points predicting that in course of time the town would extend upto those points and that a growth beyond those limits would spell a disaster for the town. The construction of Gavi Gangadhareshvara cave temple, Dodde Basavanna temple and also of Kempambudi tank are attributed to this chief. Among the places included in the district there are several others which are much more ancient than Bangalore proper and of such places Nandagudi of Hoskote taluk and Mankunda of Channapatna taluk, deserve a special mention in view of the ancient remains discovered therein and the historcial legends associated therewith.

Nandas

Nandagudi, is said to have been the capital of Uttunga Bhuja, whose nephews, the Nanda princes, who were imprisoned by him secured their release and seized the kingdom. This account exhibits a close resemblance to that connected with the rise of the Kakatiyas. This family is deduced from the Pandava in general and the line from Janamejaya to Kshemaka and his two sons. Their sons, Vishnuvardhana and Uttunga Bhuja did not agree with each other and the latter left Upper India and settled to the south of Godavari. His son, Nanda, founded Nandagiri. He married a Chola princess from whom he begot a son named Vijayapala, who later on founded the city of Mankunda or Makunda. History assigns the date of about 400 A.D. to Vijayapala, the founder of Mankunda.

Gangas

Historically, the earliest dynasty which established its way over this part of the country including Bangalore district is that of the Gangas. In about the second century A.D., the Gangas established themselves at Kolar (a place which is at a distance of 75 kms from Bangalore City) from which they took the title Kuvalalapuravaradhishvara. The territory comprised in Bangalore district formed part of Gandavadi ninety-six-thousand and Honganur of Channapatna taluk was the chief town of a sub-division, called Chikkagangavadi, which occupied the Shimsha valley. During the seventh century, Makunda was a place of great importance and was the royal residence of Bhuvikrama and also of Pasivamara. The earliest Ganga grant found in this district is dated in 430 A.D. and relates to king Avinita. In the eighth century, Shripurusha made Manyapura (Manne of Nelamangala taluk) his royal residence. During the reign of Satyavakya II, in about 870 A.D., a Nagattara chief is said to have fixed sluices to two tanks at Agara (near Bangalore East) and in about 890 A.D. Ereyappa who killed Nolamba king Mahendra and earned the title Mahendrantaka, is refered to as ruling over the country. Obviously, though the Gangas were reigning supreme, certain parts of this district, expecially in the east, were held by the Pallavas and the Nolambas for varying periods of time.

Cholas

Inscriptions belonging to the region of Rajendra Chola and Kulottunga Chola II discovered in different parts of this district amply testify to the fact that Bangalore district too was annexed by the Cholas who overran the Gangas and established their unquestioned supremacy in this part of the country by early eleventh century. After their conquests, among other things, the Cholas renamed Malurpatna of Channapatna taluk as Nikarilicholapuram and the area around Manne of Nelamangala taluk as Vikrama Chola-mandalam. Magadi town is said to have been founded by one of the Chola kings and the renowned king Cholanganga was born in Hejjaji-Twelve of Dod-Ballapur taluk.

Hoysalas

The next important dynasty to hold sway over the district is that of the Hoysalas. Inscriptions of the Hoysala kings, including those belonging to Vira Ballala (1172 - 1219 A.D.) are found all over the district. Shantala Devi, the queen of King Vishnuvardhana, it is said, breathed her last at Shivaganga of Nelamangala Taluk. When the Hoysala Kingdom was divided between the brothers Narasimha III and Ramanatha, the northern parts of Bangalore district came to be included in the possessions of Ramanatha who used to hold his court in Kundana of Devanahalli taluk. Honganur of Channapatna taluk was the provincial capital and the residence of the Hoysala Governor. Yelahanka and its neighbourhood have yielded several inscriptions relating to the last days of the Hoysala rule and the reign of Ballala III.

Vijaya Nagara

Shortly after the fall of Hoysala rule, Bangalore district too became a part and parcel of the great Vijayanagara empire. An inscription discovered in Magadi taluk is dated in 1368 A.D. and belongs to the reign of Bukka I. It records the reconciliation effected by Bukka between the Jainas and Vaishnavas of his kingdom and thus indicates that Bangalore district too formed part of his empire. Under the patronage of the Vijayanagara sovereigns, as in other parts of the empire, in Bangalore district too, local rulers flourished and attained glorious positions. Avati Nad Prabhus have an unique place in the modern annals of Bangalore district. The following story is current about the origin of this line of chiefs.

Gowdas

About the end of the 14th century, a party of travellers consisting of seven farmers and their families halted at the foot of Ramasvami-betta to the east of Nandi Hill (Presenetly in Chikballapur Taluk, Kolar District). They were of Telugu origin. They worshipped Bairadeva and had the strange custom of amputating the ring and little fingers of the right hand of their daughters before marriage. The leader of this group was Rana Baire Gauda who had been forced to abandon his home at Alur near Conjeevaram in order to save his daughter from a powerful suitor. On the night of their encampment, Rana Baire Gauda was directed in a dream to settle in that neighbourhood and in accordance thereof, huts were built and the village Ahuti (now called Avati) came to be established. Sometime later, they resolved to separate and while Rana Baire Gauda remained at Avati, his son moved out and founded Devanahalli, Dodballapur and Chikballapur. Sanna Baire Gauda went to Sugatur and later became the Chief of Kolar and Punganur and also the founder of Hoskote, and Jaya Gauda established himself at Yelahanka. The destination of the other three is not known.

Jaya Gauda, who ruled for 15 years, acquired the title Yelanhanka Nadu Prabhu (Lord of Yelahanka-nad) and was succeeded by his son Gidde Gauda. It is only after the goddess, Kempamma, the consort of Baire Deva, was appeased by prayers and austerities that this Gidde Gauda was rewarded with a son whom he named Kempa Nanja Gauda. This chief Governed the territory with benevolence for about 70 years (1443-1513 A.D.). His son Kempe Gauda distinguished himself as the most illustrious ruler of the family. In 1537, he founded Bangalore and its present location, duly fortified it and made it his capital. In appreciation of his good deeds, zeal and devotion to the Vijayanagara throne, King Achuta Raya granted him the right to administer a territory of twelve hoblies, around Bangalore which together yielded a revenue of 30,000 pagodas. Kempe Gauda cherished a greater ambition. Not being content with the feudal honours which he had achieved, Kempe Gauda established a mint, issued Baire Deva coins tried to appropriate the prerogatives of royality for himself. It was at this juncture that his patron Achuta Raya dies and Sadashiva Raya ascend the throne under the guardianship of Rama Raya. Sensing the danger posed by Kempe Gauda, Rama Raya summoned him to Vijayanagar court in a routine manner. On reaching the court, Kempe Gauda was seized and cast into a prison to suffer for his misdemeanours. Kempe Gauda secured his release and reinstatement after he suffered imprisonment for 5 years and also paid a heavy fine. Five years later, he was succeeded by Immadi Kempe Gauda - the chief who is known to have built a large number of tanks in various parts of the district and also the temple of Someshvara at Ulsoor and at Magadi. He extended his territory westwards and took over Sawandurga as well as Magadi. While the chiefs belonging to the main line of the Avati family flourished in the immediate neighbourhood of Bangalore, the chiefs of Devanahalli and Dodballapur branches too administrated the territories assigned to them from time to time, in what may be termed as a mediocre manner. The Sugatur Cheifs usually had the name Tamme Gauda and their possessions included part of the present Kolar district. One of these chiefs founded the town of Hoskote and extended his territory from Anekal to Punganur. He earned the title Chikka Raya from the Vijayanagara King in recognition of the able manner in which he repelled the aggressors. The western parts of the district were, during this period, under the control of Jagadeva Raya who had his capital at Channapatna and administered a large territory. Chamaraja Wodeyar annexed Channapatna and its neighbourhood in about 1630 A.D.

Bahamanis of Bijapur

In 1938 A.D. Randulla Khan, the Bijapur general captured Bangalore, forced Kempe Gauda to retire to Sawandurga and made Bangalore his chief residence for a brief period. After his return to Bijapur, Shahji was appointed governor of the southern Carnatic districts subdued by the Bijapur forces. Bangalore, Hoskote, Dodballapur, Kolar and Sira were granted as a Jagir to Shahji and he too stayed at Bangalore for sometime and then shifted his residence to Dodballapur and Kolar. On the death of

Shahji in 1664 A.D. the administraion of the Jagir developed on his eldest son Venkoji. Later with a view to establish his claims over his parental estate, Shivaji overran these territories in about 1677. Thereupon the brothers came to an amicable settlement according to which Bangalore and its neighbourhood remained in the possession of Venkoji.

Wodayars

In the meantime, with their capital at Shrirangapattana, the Wodeyars of Mysore had established themselves as an important and rising power in the south. In 1654 A.D. Kanthirava Narasa Raja Wodeyar attacked and defeated Kempe Gauda of Magadi and forced the latter to pay heavy contribution. A couple of decades later, Bangalore itself was annexed to Mysore under the following circumstances. Shivaji died in 1680 A.D. and by 1687 Venkoji, who had established himself on the throne of Tanjore found his distance dominion of Bangalore to be an expensive possession. Therefore he wanted to sell it away to the highest bidder, namely Chikka Deva Raja Wodeyar of Mysore for Rupees three lakhs. The latter sent a detachment to occupy the estate and pay the money. But, at this stage the negotiation became protracted and became a matter of notoriety. Hari Raja, the Maratha Commander-in-Chief at Ganjee and Aurangzeb who had just raised the siege of Golkonda simultanelously turned their attention to the transactions pertaining to Bangalore and both of them sent a detachment each. Khasim Khan, the general of Aurangzeb, arrived first and occupied the place with relative ease. The detachment off Hari Raja, finding itself forestalled, matched back to the base. Then, Khasim Khan accepted the large sum money and handed over the possession of Bangalore which thenceforth became a part of Mysore Kingdom. According to an inscription it was in the year 1695 that the Venkateshvara temple near the fort of Bangalore was erected by Chikka Deva Raja Wodeyar and endowed by his son, Kanthirava Narasa Raja. In 1689, Khasim Khan captured Dodballapur. Two years later, in 1691, Dodballapur came to be bestowed upon Sheikh Abdulla Faruk - a descendant of one of the courtiers at Delhi. In 1728, Deva Raja, the Dalavayi of Dodda Krishna Raja Wodeyar, attacked Magadi and forced Kempe Gaude to surrender his territories which included the then impregnable Sawandurga hillfort and the wealth accumulated therein over a period of nearly two hundred years. Kempe Gouda was taken to Srirangapatana as a State Prisoner. In 1749, Devanahalli was annexed to Mysore kingdom.

Haidar Ali and Tippu Sultan

It was during the siege of Devanahalli that Haidar Ali distinguished himself as a Volunteer horseman. In 1758, the fort and the neighbourhood of Bangalore were conferred on Haidar Ali as a Jagir in recognition of his services to the State. In 1761, Haidar Ali secured Hoskote and Dodballapur, the Jagir of Abbas Kuli Khan, from Basalat Jang. It was during this year that Haider Ali Virtually took over the administration of the entire Mysore kingdom of which his own personal estate in and around Bangalore was only a small part. In 1791, Lord Cornwalla captured

Bangalore, from Tipu Sultan on behalf of the British. Soon Devanahlli and other places were also annexed and the hill-forts like Sawandurga, Ramagiri, Sivanagiri etc., too were captured. On the death of Tipu Sultan in 1799, Bangalore district came to be included in the treaty of Shrirangapattana as the territory of the Wodeyars of Mysore. Under the restored government which followed, the districts of Bangalore and Kolar constituted the Bangalore Faujdari, which was afterwards called the Bangalore Division. This position continued until the formation of Nandidurg Division in 1863 whereafter the name Bangalore Division came to be confined to the area included in Bangalore district only. During the past hundred years and more the boundaries of the district have remained almost unchanged though along with the other parts of the State, this district too has witnessed several administrative and political changes.

Doddathandya and Gadasahalli were created by splitting Shivanahalli. Boodiguppa and Boramanadoddi were created from Kanakapura. Cheekalegowdanadoddi and Bheemagondanahalli were created from Hosadurga. Remaining 36 villages namely, Anedoddi, Sontenahalli, Hosagabbadi, Thamasandra, Hebbidarametlu, Balechannanavalse, Marigowdanadoddi, Dunnasandra, Hosathokasandra, Gundanagollahalli, Arekadakalu, H.Kothanur, Konamanahalli, Hosakote, Gowdahalli, Dyapegowdanadoddi, Jogammanahosahalli, Therinadoddi, Hulibele, Kurubarahalli, Hoskabbalu, Yalavalli, Vaddaradoddi, Sorekayidoddi, Kunchitigarapalya, Kempegowdanadoddi, Thagadegowdanadoddi,Shuivanegowdanadoddi, Gulliganahalli, Aralimaradadoddi, Kadushivanahalli, Aralagadakallu, Chamundipura, Hosadoddi, Dimbadahalli and Arekattedoddi were created by splitting Kolliganahalli, Kadasikoppa, Gabbadi, Harohalli, Bannikuppe, T.Hosahalli, Ballagere, M.Maniyambal, Thokasandra, Avaremallarapura, Banavasi, Murkani, Ganalu, Thammasandra, Chakanahalli, Cheeranakuppe, Bekuppe, Tigalarahosahalli, Kunuru, Choodahalli, Kabbalu, Gerahalli, Dalimba, Sathanur, Halsur, Harihara, Doddakoppa, Arekoppa, Herandyappanahalli, Doddakabbahalli, Gattigunda, Kolagondanahalli, Billidale, Kodihalli ,Irlapodu, Hosahalli for 2011 Census respectively .

DISTRICT HIGHLIGHTS 2011 CENSUS

- Ramanagara district was created after 2001 Census by bifurcating the erstwhile Bangalore Rural district.
- Ramanagara district with the total area of 3,516 sq. km. is the third smallest district in the State.
- Ramanagara district with a total population of 10, 82,636 stands at 26th place in the State.
- The district has a density of 308 and it holds the 13th place in the State.
- Ramanagara district accounts for 1.8 percent of the total population of the State and holds the 26th rank in the State.
- With the decadal growth rate of 5.1 percent, it ranks 25th in the State in terms of decadal growth rate.
- The district with a Sex ratio of 976 holds 19th rank in the State.
- The district with a Sex ratio of 962 among the child population in the age-group 0-6 holds the 5th rank in the State.
- The proportion of child population (0-6 age-group) is 9.9 percent in the district and holds the 23rd rank in the State.
- The district with a literacy rate of 69.2 per cent holds 22nd rank in the State.
- The male literacy rate in the district is 76.8 percent and the female literacy rate is 61.5 percent.
- The Scheduled Caste population contributes 18.8 percent to the total population of the district.
- The Scheduled Tribe population contributes 2.1 percent to the total population of the district.
- The district with a work participation of 49.1 per cent holds the 7th position in the State.
- The work participation rates for Male and Female population are 62. 8 and 35.0 respectively in the district.
- Among the total workers in the district 86.3 percent are Main workers and 13.7 percent are Marginal workers.

- Of the total work force of the district, 58.5 percent are engaged in Agricultural sector i.e. Cultivators (39.2 percent) and Agricultural Labourers (19.3 percent).
- Cultivators constitute 39.2 percent of the total workers in the district and the district holds 3rd rank in the State.
- In the district 38.2 percent are Other workers and 3.3 percent of the total workers are engaged in Household Industry.
- About 50.9 percent of the total population in the district is non-workers.
- Ramanagara District has the 872 villages, 4 Statutory Towns and 2 Census Towns.

Section - I

Primary Census Abstract (PCA)

Brief Note on Primary Census Abstract

Introduction:

The Indian Census has the reputation of being one of the best in the world. The first Census in India was conducted in the year 1872. This was conducted at different points of time in different parts of the country. In 1881 a Census was taken for the entire country simultaneously. Since then, Census has been conducted every ten years, without a break. Thus, the Census of India 2011 was the fifteenth in this unbroken series since 1872, the seventh after independence and the second census of the third millennium and twenty first century. The census has been uninterruptedly continued despite of several adversities like wars, epidemics, natural calamities, political unrest, etc.

The Census of India is conducted under the provisions of the Census Act 1948 and the Census Rules, 1990. In Censuses until 1931, a synchronous de-facto method was adopted wherein the Census was conducted throughout the country on a single night. This being a very costly affair and involved the deployment of very large force at one point of time was given up in 1941. Since then the same methodology has been followed in all the Censuses. It is a gigantic operation and considered to be the single largest, complex, peace time administrative exercise in the world.

The Census Operation in India is carried out in two distinct but inter connected phases - the House listing and Housing Census followed by the Population Enumeration. During the first phase of Census 2011 i.e., House listing and Housing Census, the buildings, census houses and households were identified and systematically listed in the House Listing and Housing Census Schedule during the period April to September, 2010 in different States/Union Territories. Apart from listing of houses, some useful data on the amenities available to the households was also collected for assessing condition of human settlements, housing deficits etc.

Censuses prior to Census 2001 had the system of collecting the information through Individual Slip which was a key schedule for every individual. The information collected through slip was then compiled for a household. Some information was also collected in addition to this for the household. During 2001 Census a comprehensive Household Schedule was adopted replacing the individual slip concept. In 2011 Census also similar household schedule was used for canvassing. The scope of demographic, socio-economic parameters has been widened in every census.

2. Population Enumeration - Census 2011:

The field work of the second phase i.e. Population Enumeration was carried out during February-March, 2011. One of the essential features of Population Enumeration in the second phase was that each person was enumerated and her/his individual particulars were collected at a well-defined point of time.

The Census moment and the reference date for the Census of India 2011 was 00:00 hours of 1st March, 2011. The enumeration was conducted from 9th February to 28th February, 2011 along with a revisional round from 1st March, 2011 to 5th March, 2011 synchronously all over the country except for few specific areas of the Jammu & Kashmir, Himachal Pradesh and Uttarakhand states that remain snowbound in February. In these locations the population enumeration was done from 11th September, 2010 to 30th September, 2010 along with a revisional round from 1st October, 2010 to 5th October, 2010. The reference date for the census in snow bound non-synchronous areas of these states was 00.00 hours of the first day of October, 2010. In addition to the coverage during House listing & Housing Census, the enumeration of the Houseless population was carried out on the night of 28th February, 2011, as has been the usual practice. For the purpose of Census, certain areas where the access of the civilian enumerators was not permissible due to security reasons termed as 'Special Charges' such as the Defence and strictly Military/Para-Military areas, including operational areas were also covered. Such areas were not covered during the House listing & Housing Census. In addition to the defence/para-military areas, Special Charges also included certain factory areas, certain colonies, sensitive areas, scientific establishments, etc. These also formed Special Charges as these were not accessible by the usual census enumerator.

3. Quality Assurance:

A Task Force for Quality Assurance (TFQA) functioned under the chairmanship of the RG & CCI. Experienced officers of the different divisions of the organization i.e. Heads and senior officers of the Census Division, Data Processing Division, Map Division, Demography Division and Social Studies Division comprised the TFQA. The Directors of Census Operations were co-opted as members whenever the TFQA discussed the data for their States/Union territories. The main objective of constituting the TFQA was to subject the data to stringent validation checks and ensure its quality before release as it was expedient to be satisfied itself about the quality of data before putting the same in public domain.

The Directors and their senior officers were involved at all levels with respect to the quality and the coverage of their states/Uts. The TFQA intensively scrutinized coverage and content parameters including edit and imputation logic. The most important aspect of the data quality was to ensure complete coverage of all geographical areas especially for the population enumeration phase where the data is disseminated right up to the village level in the rural areas and the ward level in the urban areas. Thus ensuring the complete coverage and correct geographical linkage of each enumeration block was one of the major planks of the quality control, especially for small area population statistics. The content was scrutinized mainly through the process of internal consistency, comparison with similar data in the past and also through validation with likewise data if available, from external sources. Quite often the local knowledge and perception was looked at to understand both the existing and the new emerging trends of population distribution and characteristics. A very comprehensive check and edit mechanism was put in

place to objectively examine the preliminary Census 2011 Population Enumeration results and finally clear them for use. The population data was cleared only after the full possible satisfaction of the TFQA.

The entire work relating to the data validation and scrutiny was completed by all the States/Union territories under the overall supervision and monitoring of the Census Division of the Office of the Registrar General, India with active cooperation and support of the Social Studies Division, Data Processing Division, Data Dissemination Division and Map Division.

4. Primary Census Abstract:

The Primary Census Abstract which is important publication of 2011 Census gives basic information on Area, Total Number of Households, Total Population, Scheduled Castes, Scheduled Tribes Population, Population in the age group 0-6, Literates, Main Workers and Marginal Workers classified by the four broad industrial categories, namely, (i) Cultivators, (ii) Agricultural Labourers, (iii) Household Industry Workers, and (iv) Other Workers and also Non-Workers. The characteristics of the Total Population include Scheduled Castes, Scheduled Tribes, Institutional and Houseless Population and are presented by sex and rural-urban residence.

In 1981 census main workers were presented into four categories. As regards 1991 Census, the nine-fold industrial classification of main workers has been given in the Primary Census Abstract. One of the important features of the Primary Census Abstract of 1991 Census was the presentation of population of the age group 0-6 which is continued in 2001 and 2011 Census. All the children of age 6 years or less have been treated as illiterate even if the child is going to a school and may have picked up reading and writing. This will help the data users in better analysis and understanding of the literacy data as the literacy rate is calculated with 7 years and above population and it is referred as effective literacy rate. In 2001 and 2011 census four categories of main workers have been given in the Primary Census Abstract.

5. Level of Presentation of PCA data in District Census Handbooks:

The format of Primary Census Abstract (PCA) adopted in the DCHB of 2001 Census has been continued for 2011 Census as the data on four categories of works have been presented similar to 2001 census. The Primary Census Abstract data in different PCAs are presented at different levels. The level of presentation of Primary Census Abstracts in DCHB is as under:

1. District Primary Census Abstract -District/C.D. Block/Town.
2. Primary Census Abstract for Scheduled Castes- District/C.D. Block/Town.
3. Primary Census Abstract for Scheduled Tribes -District/C.D. Block/Town.
4. Village Primary Census Abstract -C.D. Block/Village wise.
5. Urban Primary Census Abstract- Town/Ward level.

The PCA Data for villages was presented C.D. Block wise for the first time in 1991 Census. This practice is continued in 2001 and 2011 Census. The

term 'Total Population' includes the Scheduled Castes, the Scheduled Tribes, the Institutional and the Houseless populations. An appendix to District Primary Census Abstract has also been furnished showing urban enumeration block-wise particulars on Total Population, the Scheduled Castes Population and the Scheduled Tribes Population for each town.

6. Area Figures:

The area figures supplied by local revenue authorities of the district in respect of tahsils, Police Stations and by the local bodies in respect of towns are given in square kilometers. The area figures of the villages supplied by the Tahsildars in acres have been converted and shown in hectares. The area figures of the C.D. Block are the total of the village areas coming under each C.D. Block. The area figures for the district are the same as adopted by the Surveyor General of India to maintain uniformity at the national level.

District Primary Census Abstract (General)
