P R E F A C E

This Publication “Provisional Population Statistics as per 33 Districts of Gujarat State” has been prepared by District Census Hand Book Unit, DES. Population data of various administrative units like State, District, Taluka and Villages are basic requirement for policy/scheme formation and implementation and monitoring of various schemes.

As per Population Census 2011, there were 26 districts and 225 talukas in the State. After that with the bi-furcation of some districts and talukas now there are 33 districts and 250 talukas in the state. So it is very necessary to have population data as per these 33 districts and 250 talukas.

Considering the requirement to have population data as per 33 districts and 250 talukas, an exercise was undertaken. After detailed study and scrutiny of verification of notification issued by Revenue Department in the context of bifurcation/formation of new districts and talukas and also due verification with the exercise such as Socio Economic Caste Census (SECC), an attempt has been made to prepare population data (Population by Gender, Rural/Urban, SC/ST/Others) as per 33 districts and 250 talukas based on Census 2011 data.

I thank Hon. Principal Secretary (Planning) for their guidance & inspiration to take such initiatives.

It is hope that this publication will be useful to various Departments, Heads of Departments and their district and taluka offices. I also acknowledge the hard work put in by the officers and staff of DCHB for this exercise.
